Funds for Innovative Projects.

BACK PAGE

The Innovatiefonds Noord-Holland is a limited liability company created in 2018 by the regional government and knowledge institutes with the support of the European Union via the European Regional Development Fund. We provide convertible loans to start ups and SME's (Small and Medium-sized Enterprises) based in the Province North-Holland for further development of their innovative project. Potential investee companies must be registered with the Chamber of Commerce in the Province North-Holland.

The fund invests in projects with an investment need of EUR50.000 up to EUR300.000 max, invested in tranches with a maximum duration of 10 years. The fund might consider a grace period on a case by case basis to defer the repayment of loans. The fund might also consider converting of its outstanding loan (or part thereof) into equity i.e. shares of the company.

Please make use of the quick scan option on our website to assess your eligibility for an investment from the Innovatiefonds Noord-Holland. Please note we do not provide grants, working capital or scale up capital.

Fund duration 2018 – 2013

The Innovatiefonds Noord-Holland has been established by the Province North-Holland, University of Amsterdam, Amsterdam University of Applied Sciences, Amsterdam UMC and Sanquin, with support of the European Union via the European Regional Development Fund. The Innovatiefonds Noord-Holland supports start-ups and SME's in the Province North-Holland by convertible loans to support innovation in the proof of concept phase.
